COUNTRY
BLINDS CURTAINS & SHUTTERS

CURTAINS & DRAPES

Traditional or modern looks – we have dozens of options. Select a style that's right for you or your client business, then complete the package with premium hardware and enhance it with pelmets, swags and tails. With Country Blinds it's never a problem if your sizes or needs are outside the standard. We design and customise curtain and drape solutions for any application or decor.

ROLLER BLINDS

Roller Blinds by Country provide a clean, modern aesthetic that is subtle and uncluttered. Select from an amazing fabric and colour range and work with our expert consultants to achieve the perfect look for the office, showroom or home.

ROMAN BLINDS

Soft and pleated or sleek? There's more to Roman Blinds at Country. We have hundreds of fabrics, styles and colours to choose from, so we can tailor a look to suit ultra-modern décor or something more casual.

Details make all the difference. We sew pockets into the back of our Roman Blinds rather than simple sleeves and we use heavy-duty cord locks that grip smoothly and consistently to make adjustment of your blinds quick, simple and reliable.

HONEYCOMB BLINDS

Honeycomb Blinds by Country feature a two-layered fabric 'cell' that provides very effective insulation from heat and cold, as well as function beautifully to block or filter light.

Honeycomb Blinds are available in a variety of textures and patterns to offer something to match every style. Honeycomb Blinds work beautifully in applications with limited space, such as on the backs of doors that open against walls. Nothing else fits as flush.

ZIPTRAK® OUTDOOR BLINDS

Where your commercial enterprise or client calls for control of the outdoor environment, Ziptrak® shade and clear PVC café blinds make adjustments quick, simple and free of fuss. No buckles, cords or zippers.

Ziptrak® blind systems are manufactured in South Australia by Country Blinds and available in a range of colours as well as mesh density for shade options.

VENETIAN BLINDS – ALUMINIUM OR TIMBER

Country Blinds Slimline Aluminium Venetians bring a new, streamlined look to a classic design. Available in a brilliant range of colours, Aluminium Venetians can also be used to make a bold décor statement.

Timber has a warm, timeless premium quality look. Timber Venetians by Country raise the bar yet again with the finest Western Red Cedar slats, thicker, stronger and sturdier than most.

PLANTATION SHUTTERS – INDOOR (TIMBER) & OUTDOOR (ALUMINIUM)

Difficult windows? Indoor Plantation Shutters by Country are often the perfect solution. An effective way to keep light out, and no substitute for their clean, virtually flush look – no visible mechanisms, no cords, rods or clutter. Our quality plantation timber slats are treated to the finest paint finish, and exude simple elegance.

Country Blinds rigorous attention to quality means our Outdoor Plantation Shutters shrug off summer heat and punishing winters, too. Our premium materials are virtually maintenance free and won't warp, fade or rust. Made from high tensile aluminium in a range of blade sizes and stainless steel fixtures, aluminium plantation shutters from Country offers years of trouble free service and peace of mind.

Our large range of Plantation Shutters boast classic clean lines, enhanced privacy and effective insulation for any home, office or commercial premises.

FOLDING ARM AWNINGS

Now you see it, now you don't – Country Blinds Folding Arm Awnings roll out temporary shade when you need it, and all but disappearing when you need to let in some sun during the cooler months. Motorised options mean that folding away is as easy as the touch of a button.

ROLLER SHUTTERS

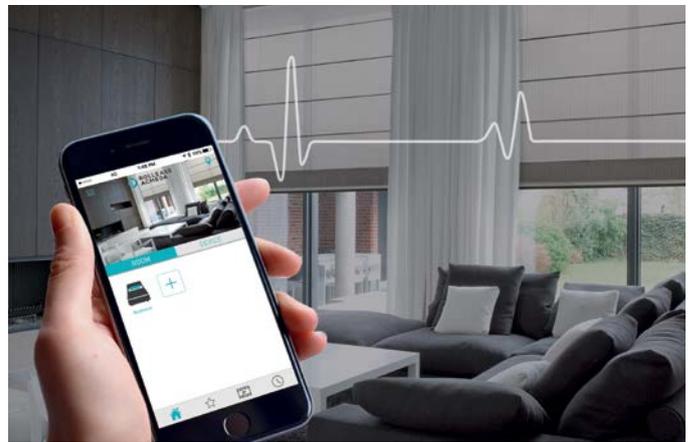

Security, light control, insulation against heat, cold and noise. Roller Shutters have many advantages, but it's our lateral thinking and innovation that has seen us create great installations for retail businesses, hotels...even the Adelaide Zoo.

We custom build tiny server windows to enormous commercial spaces and everything in between.

INVISI-GARD SECURITY DOORS & SCREENS

Manufactured by Country, the Invisi Gard system of premium stainless steel mesh and fittings passes the toughest tests and meets Australian Standard AS5039-2008 for security screen doors. It's even Cyclone Rated and BAL 40 Bushfire level compliant. For a door that's as tough as nails, with both sleek designs and traditional ornate grilles to match virtually any décor, you can't go past Invisi-Gard.

MOTORISATION

Because we design and manufacture our products in our own facility, Country Blinds can often build in the extra convenience of motorisation. Professional fitting including wiring by qualified electricians means everything is covered under your Country Guarantee for complete peace of mind.

PREMIUM RESIDENTIAL, OFFICE AND COMMERCIAL WINDOW FURNISHINGS AND OUTDOOR SHADE SOLUTIONS DIRECT FROM OUR FACTORY TO YOU.

The Country Blinds advantages

- Country Blinds, Curtains and Shutters has been a growing South Australian family-owned and run business since 1987, designing and manufacturing virtually everything we sell and install. We service homes and businesses all over the state.
- Through the decades we have evolved and expanded, always with a focus on product improvement and customer service. In every aspect of our service we hold quality and communication at the forefront.

- The fact that we design and manufacture our own products is a huge advantage – it means we can listen to you or your customers feedback and continually improve and evolve what we do. If you have ever been frustrated by suppliers who only work to a catalogue of standard sizes, you'll be pleased to know that at Country we still recognise the need to service our customers' individual needs.

We listen, and we make sure we understand all of the requirements to ensure we deliver quality, custom made products that function perfectly and enhance the look of your or your clients business environment.

Peace of mind is an extended 5-year warranty as standard provided by the people who design, manufacture and install the products they sell. Every product we offer carries our exclusive 5-Year Limited Warranty, and should you ever have an issue, having it resolved is as easy as calling us direct on 1300 303 299.

DECADES OF EXPERIENCE. HUNDREDS OF CHOICES. COUNTRY QUALITY BUILT IN.

Indoors and out, Country Blinds, Curtains and Shutters have so many options to offer that can complement the look of any home or business. Rely on our expert advice to help you make an informed choice. And remember, whether you are a home owner, a builder an architect, an interior designer or business owner, we come to you for a free consultation, measure and quote.
